A NOTE ON EDITORIAL PRACTICES

All of the principal cases in this text have been edited. Omissions from principal cases or quoted material are indicated in most instances, with the exceptions noted below. Most footnotes and authorities within the principal cases have been omitted for ease of reading. Footnotes and citations that remain have been retained for substance. Those footnotes that have been included retain their original number. Ellipses ( . . ) signal the omission of words, sentences, or citations from within a paragraph, although in many instances citations are omitted without indication. Centered asterisks (* * *) signal the omission of a paragraph or more.

In the text, I have endeavored to use gender-neutral language. For ease of reading, I have used either “he” or “she,” rather than “he or she.”
