This edition updates RULLCA to its 2013 revisions and the MBCA to its 2016 revisions. It continues to use the 1997 version of RUPA, both because that version of the statute and its comments are pedagogically superior and because that version appears to remain far more widely adopted. Most differences between the 1997 version of RUPA and the 2013 “harmonization” revisions are not major; the notes in this book point out the most significant changes.
