Acknowledgments

Many people contributed to the ideas, substance and structure of this book. It would be futile to try to name them all—but I appreciate you all so much!

As to those who specifically read and shared comments and feedback on various drafts, my heartfelt thanks (and any remaining mistakes remain my own, of course!):

Esther Barron	Suzanne McNabb
Erin Borcharding	Michelle Murcia
Jeremy D’Abreau	Margot Seidel
Shelby Ewing	Blake Smith
Michael Fenn	Shane Starkey
Rachael Feuerborn	Justin Thompson
Taylor Gill	Jonathon Vinocur
Christina Heilig	Paige L. Wilson
Logan LaHive	Donald Wright
Craig Looper	Daniela M. Yoder

I should also mention Tim Holcomb. This book evolved from a presentation I have been sharing with founders, entrepreneurs, investors, students and many others over the years. It’s become known as my “ChalkTalk,” a name Tim gave it. Without that name, and without the opportunity to

refine and perfect that presentation over the years in front of so many of his classes, this book would never have been.
