SERIES EDITOR'S FOREWORD

The Carolina Academic Press Mastering Series is designed to provide you with a tool that will enable you to easily and efficiently “master” the substance and content of law school courses. Throughout the series, the focus is on quality writing that makes legal concepts understandable. As a result, the series is designed to be easy to read and is not unduly cluttered with footnotes or cites to secondary sources.

In order to facilitate student mastery of topics, the Mastering Series includes a number of pedagogical features designed to improve learning and retention. At the beginning of each chapter, you will find a “Roadmap” that tells you about the chapter and provides you with a sense of the material that you will cover. A “Checkpoint” at the end of each chapter encourages you to stop and review the key concepts, reiterating what you have learned. Throughout the book, key terms are explained and emphasized. Finally, a “Master Checklist” at the end of each book reinforces what you have learned and helps you identify any areas that need review or further study.

We hope that you will enjoy studying with, and learning from, the Mastering Series.

INTRODUCTION AND ACKNOWLEDGMENTS

This book is the product of 22 years of teaching civil procedure and over 30 of handling federal civil litigation. It is designed to bring the practical aspects of civil procedure in focus while addressing the policy issue often focused on in law school. Profound thanks to Cindy Schiesel at Palo Verde High School and Ruth Gardner at the University of Arizona for helping me learn to write more clearly.
