# Preface

---

This text focuses on the study of substantive criminal law in Florida, which in turn is concerned with the elements of crimes and defenses. Although there is no shortage of separate materials discussing these topics, this book is the first to collect and summarize detailed information on Florida criminal law in one comprehensive text. It is written primarily for law students, to supplement their criminal law studies in law school and bar review courses. It is also suitable for use in undergraduate criminal law classes and paralegal programs. Finally, it will serve as a desk book for judges, prosecutors, defense attorneys, legal scholars, and legislators, who will benefit from the extensive source materials in the footnotes.

The goal of this book is to capture and simplify the complexities and contours of Florida criminal law for these various audiences while considering the priorities of Florida's courts and proactive legislators in today's social and political climate. To this end, it covers topics unique to Florida criminal law, including the state's *Stand Your Ground* law, its *Unborn Victims of Violence Act*, and its attempted felony murder statute.

It would have been impossible to complete this work without the generous support of Nova Southeastern University Shepard Broad College of Law. I also owe a debt of gratitude to my students, Daniel Lewin, Esmeralda Negron, and Danielle Gittlin, for their tireless and dedicated research assistance.
